BONNIE KANG

FULLSTACK DEVELOPER

London based | +44 07399147048 | jihye59kang@gmail.com | LinkedIn | Github | Portfolio

Hard-working full stack developer with an attention to detail as well as 3+ years of work experience in Retail and Fashion Tech E-commerce companies, which brings a customer focused mindset. Became a good collaborator with solid understanding of object-oriented programming languages after graduating the intensive coding bootcamp, Le wagon. Having a natural curiosity and persistence for building great products, I'm currently seeking an opportunity to work for an encouraging company that will allow me to grow together.
